Terms used in the OTCS Price List have the same meanings as in the Conditions of One-time Charging, unless otherwise specified.

1. Calculation and invoicing shall take place in accordance with the Conditions of One-time Charging.
2. VAT is charged according to the applicable regulations. The prices below are incl. VAT.
3. The Provider reserves the right to charge a lower price (discount) for some connector(s) than the one listed below. The proposal of a lower price (discount) will be announced by the Provider in the Application or on the Portal at the relevant connector. By starting the charging, the User accepts such a lower price.
4. The payment card for paying the price is verified by authorization of CZK 0.00 and by blocking CZK 1,500.00 before each one-time charging or at the moment, when the authorized amount has been fully utilized. The unused amount is unblocked no later than the 5th working day after the card is authorized.
5. In this Price List, the following terms shall mean:
   - "≤ 49 kW": charging from a plug with a stated maximum power of less than or equal to 49 kW,
   - "≤ 149 kW": charging from a plug with a stated maximum power of 50 kW or more and less than or equal to 149 kW,
   - "≥ 150 kW": charging from a plug with a stated maximum output of 150 kW or more.
6. The two types of charging station occupancy fees are charged separately based on which event occurs first. The fees may be applied independently of each other if the respective conditions for their application are met. If both fees would apply simultaneously, only one of them will be charged.
